UCPS PUTS OUT CALL FOR CODING MONKEYS!

Hot on the heels of the success of my paper crates, the UCPS (that is me, Postage, and 'Nana Sundae) are putting out a call for coders. The coders (coding monkeys are preferred, says 'Nana Sundae) and I will discuss a number of projects – chief among them the Werk-Books 2.0 project. I have ideas as to where the project can go – but help is always welcomed. As always, if you think the Werk-Books product is good for all and you support free and soft wares, send me a message or see me at the Post Office in Babbage by March 7, 2019, please? Thank you!

LESS THAN ONE WEEK DOLLS ARE DIFF'RENT!

In keeping with news from last week, Miss Fitch and I will have a Doll-Fest-For-All on March 3, 18xx (that is next Sunday) from 5:00 PM to 8:00 PM SLT.

Miss Fitch will provide music! Ceejay Writer and I will speak. There will be books. There will be things for dolls. It will be – a Fest-For-All!

If you wish to be involved as a speaker (doll-things), contact Miss Fitch or (writing) me by Feb'ree 28.

Thank you!

So, one might ask 'Why are we having a Doll-Fest-For-All?' Over the past three weeks, Miss Fitch and I have been asked by others more than once if we are the same ... doll. Miss Fitch is like a sister to me. I love her as much as something without a heart can love someone, I s'ppose. We are diff'rent dolls. I cannot think of the right words to respond to those who laugh and think we are the same. I do not think all softie-pinksies are the same. Do dolls not deserve to be seen as we see non-dolls? Respect. It's good for all. Doll. Fest. For. All. March 3, 18xx.

I have begun the design phase of a cat'log vendor for the books. When the cat'log is finished (expected by Summer 18xx this year), the cat'log will be free and for pick up at the post office and in the book store. If you want to help the UCPS with the cat'log design project, please contact me via notecard by March 5 this year. Thank you!

Letters From My Mailbox

Dear Reader:

Today, you find yourself in a house full of beauty. You say that you find yourself with a wife full of beauty (or more than one ... or a husband ... or more than one). You ask yourself 'How did I get here?'

Dear reader, do you not recall your wife or your husband? My guess is that they will hit you on the head because you cannot recall them.

Sometimes, when machines do not work, hitting them makes them work? Is it the same for softie-pinksies? Let your wi(fe/ves) and / or husband(s) test this, please? They deserve to test this on you.

As they are your spouse(s), I trust they know you best. Do not forget them next time.
